THOMASVILLE NURSERIES

"Home of Roses"

THOMASVILLE • GEORGIA

Azalea indica elegans

Terms of Business

Location. Main Nursery office, lath-houses, and Trial-Grounds at intersection of Boston and Summerhill roads with Boulevard, 2 miles east of Thomasville. Roses and Evergreen Nursery on Boston Road, 3 miles east of Thomasville. The Thomasville-Boston Road is a link of the Lone Star Trail from Los Angeles to St. Augustine, and is also known as Georgia State Road No. 38.

Invitation to Visitors. Visitors are welcome at our place every day in the year. We transact no business on Sundays, but leave our gates open for visitors to see the Azaleas, Roses, etc. A visit to the Nurseries is not an obligation to purchase.

Terms. Cash with order or satisfactory references, except to parties of known responsibility.

Transportation at Purchaser's Risk. All transportation expenses are to be paid by the purchaser; our responsibility ceases upon delivery, in good order, to forwarding companies.

Substitution. We do not substitute unless so authorized. It is well, however, as the season advances, to name substitute to be used in the event of shortage.

Inspection. Our Nurseries were inspected by a representative of M. S. Yoemans, State Entomologist, Atlanta, Ga., July, 1937, and a certificate to this effect, and that plants are fumigated as required by law, accompanies every shipment, and we comply with the various laws of the states into which we ship.

Claims. If, by any possibility, errors should occur, they will be promptly rectified, if claim is made within 10 days after receipt of the goods.

Guarantee. We cannot control conditions after plants leave our hands, and we cannot, therefore, guarantee our plants to live. We do guarantee all stock sent out to be well rooted, true to name, properly packed and shipped according to instructions.

Quantity Rates. Forty or more plants at the 100 rate; 300 or more at the 1000 rate.

Order Early. We cannot too strongly urge the advisability of ordering early. In so doing one gets the assortment and pick of the stock and avoids disappointment of possible failure to get order filled complete. Orders may be sent early and stock reserved for later delivery.

About Ourselves. This is our 40th season. Thomasville Nurseries was established in 1898 by P. J. Hjort, who remains as Consulting Horticulturist. Sam C. Hjort is President, Mrs. N. P. Hjort, Secretary-Treasurer.

Address all communications and make remittances payable to Thomasville Nurseries, Thomasville, Ga.

3. Camellia, Tricolor
4. Camellia Cliveana

Hjort's Fancy Camellias

The Camellias, commonly called "Japonicas," are the most valuable flowering shrubs or small trees in the gardens of the Lower South. For the past eight years we have been diligently collecting Camellias from many sources, and now have a very fine collection. We are listing 50 named varieties, and have many more for which we have not been able to get correct names, some of which are very choice kinds. Our Camellias are mostly pot-grown, vigorous plants, not to be compared with inferior, layered plants which usually have poor root-systems. The growing of quality Camellias is a specialty with us.

GROUP 1

Prices of Camellias, unless otherwise noted

	Each	12		Each	12
8 to 12 in.	\$1 00	\$10 00	18 to 24 in.	\$2 50	\$25 00
12 to 15 in.	1 50	15 00	2 to 2½ ft.	3 50	35 00
15 to 18 in.	2 00	20 00	2½ to 3 ft.	5 00	40 00

Alba plena. Full, very double and regular; pure white, wax-like. An early bloomer and great favorite. See illustration. Can supply first four sizes.

Augusta Delfosse. Large; loose peony-form. A cherry-red Herme. 8 to 12 in. only.

Camellia, Gloire de Nantes

Camellia, Lady Vansitti

HJORT'S FANCY CAMELLIAS, continued

Chandleri elegans. Large; peony-form; deep pink with white splotches. Very choice.

Coletti maculata. Large; rose double; very dark red with occasional white spots. 12 to 15 in. only.

Countess of Orkney. Rose double; white with fine pink stripes. Very early and profuse bloomer.

Duc d'Orleans. Fairly large, peony-form, creamy white flower with faint pink flecks. A favorite where known.

Eleanor Franchetti. In form like Prof. Sargent; white, with few pink stripes and flecks. 12 to 15 in. only, \$2.50 each.

Emperor. Large; semi-double; scarlet. 18 to 24 in. only.

Gigantea. Largest of all Camellias; peony-form; white with few red stripes. 12 to 15 in. only, \$2.50 each.

Gloire de Nantes. Large; semi-double; cerise-red, showy yellow stamens. Heavy foliage. See illustration.

Herme. Large, loose peony-form type; light pink with white edges and pink and red splotches. See illustration on front cover.

Il Tramento. Largest of the double-flowering Camellias. Some flowers are deep pink, others pink with white spots. 12 to 15 in. and 15 to 18 in. only.

Kilwingtonia. A strikingly beautiful large peony-form Camellia; red with white splotches. 12 to 15 in. only, \$2.50 each.

Lady Vansitti. A rare and choice Camellia with carnation-form flowers of deep blood-red. Distinct, pointed foliage. See illustration.

Marchioness of Salisbury. Very showy peony-form; some flowers are dark red while others are dark red with white spots and splotches. 12 to 15 in. only, \$2.50 each.

Mme. de Strekaloff. A variable, peony-form; light pink with darker blotches and streaks. 18 to 24 in. only.

Mrs. Abby Wilder. A lovely peony-form; white with faint pink stripes.

Mrs. F. L. Gibson. One of the most delightful of new Camellias. Single; pink and white variegated. Dark, glossy, unusual, rounded foliage. Very early bloomer.

Otome. Large flower with medium pink center and shell-pink edges. 15 to 18 in. only, \$2.50 each.

Prof. Charles S. Sargent. Very double, "pin-cushion" form of peony type; solid crimson. Very early.

Tricolor. An almost single Camellia; very variable, white, red, and pink flowers on same bush. 12 to 15 in. only. See illustration.

AZALEAS AND CAMELLIAS

By H. HAROLD HUME

A valuable new book of practical information dealing with these beautiful, increasingly popular and distinctively Southern shrubs. Thoroughly describes varieties best suited for various uses and discusses questions of culture, such as soils, fertilization, and general care. 98 pages. Cloth, \$1.50.

Camellia, Imperator

Camellia, Pink Perfection

HJORT'S FANCY CAMELLIAS, continued

Rena Campbell. A local name originating at Quitman and coming into general use in South Georgia. Variable in form, mostly semi-double; flowers very variable, from white to red, but mostly pink and white variegated. An interesting variety. 18 to 24 in. and 2 to 2½ ft. only.

Semi-Double Blush. A chaste and beautiful Camellia. Almost single; blush-white, like Lady Hume's Blush. 18 to 24 in. only, \$3.00 each.

Sweeti Vera. Large; semi-double; blush-white with pink splotches; occasionally a solid pink flower.

Triphosa. Large; single; showy yellow stamens. 12 to 15 in. only, \$2.50 each.

William S. Hastie. Large; rose double; deep red. Very choice. 12 to 15 in. only, \$2.50 each.

GROUP 2

PRICES OF CAMELLIAS

	Each	12		Each	12
8 to 12 in.....	\$0 75	\$7 50	18 to 24 in.....	\$2 00	\$20 00
12 to 15 in.....	1 00	10 00	2 to 2½ ft.....	2 50	25 00
15 to 18 in.....	1 50	15 00	2½ to 3 ft.....	3 00	30 00

Altheaflora. Large, semi-double; rich pink with orange tint. Glossy foliage. Vigorous grower. One of the best of all Camellias.

Carnation. Carnation form; bright red. Very early bloomer. See illustration.

Christmas Glory. Same as Carnation.

Cliveana. Large; peony-form; bright pink. Strong grower; free bloomer for large kind. One of our best. See illustration.

Dixie. Double flower; deep rose-pink. Profuse bloomer; strong grower. Believed to be identical with variety called Rosita by some growers. See illustration.

Enrico Bettoni. See Maurice Hurst, page 6.

Feasti. Large; double; white, some flowers showing faint pink stripes.

Gaiety. Medium-sized, semi-double, deep red flowers striped and splotched white with showy yellow stamens. Large, dark green foliage. Compact grower.

Honor of America. Large; first row of petals imbricated, others small, compact, ruffled; deep pink to light red, occasionally dotted white.

Imbricata rubra. Large; double; bright red with occasional white spots. Dark green, twisted foliage.

Imperator. Medium-sized flowers of delightful deep pink to light red, with no variation; large outer petals and smaller fluted petals in center. Dark green foliage. One of the best. See illustration.

Jarvis Red. Large; semi-double; deep blood-red. Large foliage. 15 to 18 in. and 18 to 24 in. only.

Lady Marion. Large, bright pink, double flowers and distinct, large, rather rounded foliage. One of the best of its class. See illustration.

Lilyi. Medium-sized, creamy white flower of rose double form. Profuse, midseason bloomer. See illustration.

Camellia, Carnation

Camellia, Maurice Hurst

HJORT'S FANCY CAMELLIAS, continued

- Mathotiana alba.** Large; double; white. Large foliage. Late bloomer.
- Maurice Hurst.** Local name of a fine Camellia at Pelham, Ga., and possibly is Enrico Bettoni. Very large; loose semi-double; light rose-pink; large foliage. Fast grower and one of the most satisfactory of all Camellias. See illustration.
- Meigs Variegated.** Large; light rose-pink, sometimes splotted white; full double. Distinct, glossy, somewhat pointed foliage. Fast grower; early and profuse bloomer. See illustration.
- Noblissima.** Semi-double, approaching loose peony-form; white. A very choice variety.
- Pink Perfection.** Bright shell-pink, waxy flowers. A free-flowering and popular double variety. See illustration.
- Rev. John Bennett.** Deep salmon-pink, center petals interspersed with showy yellow stamens.

GROUP 3

PRICES OF CAMELLIAS

	Each	12		Each	12
8 to 12 in.....	\$0 50	\$5 00	18 to 24 in.....	\$1 50	\$15 00
12 to 15 in.....	75	7 50	2 to 2½ ft.....	2 00	20 00
15 to 18 in.....	1 00	10 00	2½ to 3 ft.....	2 50	25 00

- Americana.** Double; pink and white variegated, sometimes solid white or pink flowers occur.
- Henri Favre.** Flowers small, bright red, with light stripes on ends of petals. Tree is fast grower, of compact habit, and a profuse bloomer.
- Lady Campbell.** Full, double, light red blooms. Fast-growing, compact bush; profuse bloomer. All flowers develop perfectly. See illustration.
- Sarah Frost.** Very double; extremely handsome deep rose-pink. Free flowering; compact and fast-growing bush. The most widely cultivated of all double-flowering Camellias, and always satisfactory.
- Sassanqua.** This single-flowering Japanese Camellia is a very choice shrub or small tree, producing deep pink flowers in great profusion from October until Christmas. Easy to grow, may be used in foundation plantings as a shrub, or outdoors as a specimen.
- Single Red.** A very rapid-growing variety, exceeded only by Sassanqua. An exceedingly heavy bloomer.
- Whipple Tricolor.** Small single flowers varying from white to red, but mostly deep pink and variegated. Vigorous grower; profuse bloomer. Seedling tree at residence of John F. Whipple, at Quitman, Ga.
- Unnamed.** We have about 25 varieties of excellent Camellias which as yet we have beer unable to get positively identified. In this lot are some fine semi-double and peony-form varieties which, when named, will be transferred to the higher priced class where they belong. Until that time we sell them, with unnamed double varieties, at Group 3 prices. There are really some very choice kinds here. In ordering Unnamed Camellias, specify colors desired, and whether you wish semi-double, peony-form, carnation-form, or double flowers.

LARGE CAMELLIAS. In tubs and cans, under lath-houses and in open ground, we have many larger Camellias, priced according to variety, form and size. Write us what you would like to have, or, if possible, come to the Nursery.

TWELVE JAPANESE KURUME AZALEAS

Hjort's Kurume Azaleas

The Kurumes, natives of Japan, fully one thousand miles farther north than the native habitat of the Indica varieties, are by far the hardiest Azaleas, and in the Lower South have stood perfectly the freezes which damaged more tender kinds. The Kurume Azaleas, contrary to popular belief, are not all dwarf growers. There are medium and tall kinds, and the widest assortment of color. We have developed a large stock of these dependable Azaleas, and our prices are lower than these plants can usually be bought for, while the quality is the best. Our plants, from smallest to largest, are shapely and well set with buds.

PRICES OF KURUME AZALEAS

	Each	12	100		Each	12	100
6 to 8 in.	\$0 50	\$5 00	\$40 00	12 to 15 in.	\$1 50	\$15 00	\$100 00
8 to 10 in.	75	7 50	60 00	15 to 18 in.	2 00	20 00	150 00
10 to 12 in.	1 00	10 00	75 00	Larger, specimen plants	\$3.50 to \$40.00 each.		

VARIETIES OF KURUME AZALEAS

The double varieties are marked thus *; all other varieties are single.

- Apple Blossom.** Single flowers; apple blossom color. Midseason.
- ***Amœna.** Flowers rosy purple, in dense masses. Hardy; tall, early.
- Bridesmaid.** Glowing salmon-pink; small glossy foliage. Midseason.
- ***Carmine Prince.** Rather large for a Kurume; carmine-red. Medium, compact; rather late.
- ***Cherry Blossom.** A favorite of the tall growers; very light pink. Somewhat late in flowering.
- ***Christmas Cheer.** Brilliant bright red; the small foliage is very dark green and compact. The earliest of the red Kurumes. Medium.
- ***Coral Bells.** Beautiful shell-pink, shading somewhat deeper at center; free flowering and dainty. The dwarfest of the dwarfs; ultimate height four feet. Early.
- Daybreak.** Large clusters of shell-pink flowers. Midseason.
- E. K. James.** Large flower for a Kurume; deep flame-red. Tall grower. Late. Seedling originating with us, and named in honor of the late vice-president of our corporation.
- Flame.** This Flame Azalea is one of the best of the Kurumes and one of the tallest growers. Mid-season.
- ***Hexe.** Large, deep red flowers. Late bloomer.
- Hinomayo.** Beautiful rose-pink; foliage small; profuse bloomer. Often used as a background planting for Coral Bells. Tall; early.
- Hinodegiri.** Brilliant scarlet; foliage rounded and deep green. A midseason bloomer, coming into flower just before Christmas Cheer has finished. Medium.
- ***Hortensia.** One of the taller growers of the pink Kurumes. Midseason.
- Irene.** A lovely new Azalea originating with us. Blush-white with deeper center. Tall; midseason.
- Lavender Queen.** A Kurume often used to edge the Indica Azaleas Phœnicia and Formosa. Medium; late.
- ***Mauve Beauty.** Delicate mauve flowers. Compact, bushy plant.
- Orange Beauty.** This Azalea of tangerine-orange is the earliest of the Kurumes to flower at Thomasville. Growth like that of Coral Bells.
- Peach Blow.** A fine Kurume with flowers of light peach-blossom-pink. One of the fastest of the Kurumes. Tall; midseason.
- ***Pink Pearl.** Light pink, produced in dense clusters. Tall; midseason.
- Ramentacea.** Hardy, tall-growing Azalea related to Kaempferi. Pure white. Late.
- ***Salmon Beauty.** Large; salmon-pink. Free flowering. Midseason.
- Salmon Queen.** This salmon-colored Kurume Azalea is one of the best of the single-flowering kinds. Medium; midseason.
- ***Snow.** The best of the white Kurumes. Medium; midseason.
- Sweet Brier.** Same as Daybreak.

Kurume Azalea, Flame

Azaleas, Elegans, Fielder's White, and Royal Red

Hjort's Indica Azaleas

Azaleas are the most attractive of the winter- and spring-flowering shrubs in the Lower South. Varieties of Indica Azaleas, which are mostly tall growers with a profusion of single flowers, are a mass of beauty on the northern estates and at Hjort's Azalea Woodland from February till April. All of the Azaleas we offer are stocky, well-grown plants, set with the maximum of flower-buds.

The growing of fine Azaleas has become a great specialty with us.

PRICES OF INDICA AZALEAS

	Each	12	100
6 to 8 in.	\$0 35	\$3 50	\$25 00
8 to 10 in.	50	5 00	40 00
10 to 12 in.	75	7 50	50 00
12 to 15 in.	1 00	10 00	75 00
15 to 18 in.	1 50	15 00	100 00
18 to 24 in.	2 00	20 00	150 00

Varieties of Indica Azaleas

Alba. Large; single; white. Tall; midseason.

Brilliant. Brilliant deep pink. Small, bushy grower; late.

Coccinea major. Scarlet. Tall; late.

Croemina. Very large flower; light pink. Compact and tall; early. A very fine Azalea and a favorite at Hjort's Azalea Woodland.

Dixie. This salmon-red is one of the finest of the Indica Azaleas. Early.

Duc de Rohan. Medium-sized; salmon-pink. Early.

Duke of Wellington. An excellent salmon-colored Azalea. Tall, vigorous; late.

Elegans. One of the best early-flowering Azaleas. Light rose-pink. Tall. We usually sell more Elegans than any other Azalea.

Fielder's White. Large; pure white. Early.

Flame. Same as President Clayes.

Formosa. Large-flowered, purplish pink, dark-foliaged variety. Generally considered the greatest of all Indica Azaleas, this is always in great demand and always satisfactory in this section.

George Frank. Large; rose-pink with deeper center, one of the loveliest of all Azaleas. Compact; early.

Glory of Sunninghill. Vermilion-red; bright green foliage and spreading habit. Late. A good variety.

Harry Veitch. Light pink flowers with creped petals. Low, bushy grower. One of the hardiest.

Iveryana. The favorite variegated Azalea. Large, white flowers, striped pink and orange. Of spreading habit; late.

Lawsal. Bright salmon-pink. Low, bushy grower; late. Also known as Daphne Salmon.

Maxwelli. Large; carmine-red. Medium grower, spreading; very hardy.

Omurasaki variegata. This pink and white Indica is our favorite of variegated Azaleas; large flowers and foliage. Midseason.

Phoenicia. Large rosy lilac to lavender flower; dark green foliage; spreading grower. One of the best Indica Azaleas. Late.

President Clayes (Flame). One of the best of all Azaleas. Flame-red, a delightful color through pine woodland or fronting a dark background. Rather early bloomer for darker-colored Azalea.

Pride of Dorking. Rose-red; large flower. Late.

Pride of Mobile. Deep watermelon-pink; large flower. Late. One of the best of all Azaleas.

Prince of Orange. Scarlet. Low, spreading, compact; late.

Royal Purple. Variable single and semi-double flowers of violet-purple; foliage dark green. Habit compact. A very good Indica variety.

Royal Red. The finest of the late-flowering Azaleas, with brilliant red flowers. Tall, compact.

Violacea rubra. Same as Royal Purple.

Vittata Fortunei. Flowers white with pink or lavender stripes, borne at intervals from October to March. Strong, open grower.

William Bull. The only double-flowering Indica Azalea we list. Many pomegranate-red flowers produced rather late in the Azalea season. An open, branched, picturesque grower.

Miscellaneous Azaleas

Azalea macrantha. Extremely hardy; compact growers. Small, deep green foliage. Single, deep pink and salmon-pink flowers. Same prices as Kurume Azaleas.

Azalea Kaempferi. The Kaempferis are Japanese Azaleas and very hardy, being adapted to Atlanta and other localities which experience hard freezes. We have five varieties—two shades of red, two of pink, and one of white. Same prices as Indica Azaleas.

Azalea subanceolata. A species very closely related to the Indicas. Unusually large flowers and big deep green leaves. Three varieties—scarlet, salmon, and pink. Not hardy very far inland; fine at Thomasville and into Florida. Very late; excellent for extending the season of Azalea bloom. Same prices as *Azalea indica*.

Native Azaleas

These are the only Azaleas we offer that are not evergreen, but their beauty and the added fragrance make up for lack of green foliage. We can supply *A. canescens*, light pink; *A. alabamensis*, highly fragrant and scarce white; *A. austrina*, clear yellow (Baker County, Ga., strain); *A. speciosa*, flame-red. Stocky, collected plants, cut back and grown in nursery two years, \$1.00 to \$3.00 each.

Visit Hjort's Azalea Woodland

March is the month of Azaleas, at which time the midseason varieties are at their height, and these contain the greatest range of color and form. In March we are glad to have visitors come on Sunday afternoons and enjoy with us the wonderful display of Azalea bloom at Hjort's Azalea Woodland, two miles east of Thomasville on the paved State Road No. 38.

Enlarged and ample parking facilities are provided and conveniently placed signs guide you easily through the Azalea plantings. All the main roads into Thomasville are paved, and visitors from many cities in this section have found it a delightful Sunday afternoon trip to drive over to see the Azaleas at Hjort's Azalea Woodland.

Absolutely no admission charge or collections taken and nobody is asked to buy. This is the greatest display of Azalea color and varieties in this section. Come and enjoy it with us.

Evergreen Hawthorns

PYRACANTHA crenulata flava. An excellent new Hawthorn with clear yellow berries in great profusion. From gallon cans, \$1.50 each.

P. formosana (Formosa Hawthorn). One of the choicest of all evergreens for the South. Profusion of white flowers in summer and deep red berries in winter. Large, spreading bush.

P. Lalandi. An upright Hawthorn with orange-red berries. The profusion of white flowers is followed by berries which color in early fall. Fills many uses in landscape effects. Always satisfactory.

P. Rogersiana. Has all characteristics of *P. formosana*, except berries are orange-yellow. 18 to 24 in., \$1.50 each.

Radiance and

Red Radiance Roses

ROSES HJORT'S THOMASVILLE GROWN

For 40 years the raising of choice, field-grown Roses has been a specialty with us. At Thomasville the past growing season has been an ideal one, and we offer a fine lot of plants. Nowhere can finer ones be obtained. No Southern garden is complete without a planting of Roses, and our prices are very low for good quality.

PRICES OF ROSES

	Each	12	100

2-yr. Medium plants.	35	3 50	25 00

HYBRID TEA ROSES

Ami Quinard. Deep, velvety crimson, almost as black as Nigrette. Strong grower; good bloomer.

Betty. Coppery yellow, shaded rose.

Betty Uprichard. Orange-carmine outer petals; light salmon reflexes. Vigorous.

Caledonia. The best of the new white Roses. Large, double, high-centered.

Condesa de Sastago. A Spanish novelty of high coloring—coppery red and yellow.

Daily Mail Scented Rose. Semi-double; bright red; fragrant.

Dainty Bess. Charming, large, single wild-rose-pink flowers in clusters. For exhibition, disbud, leaving one flower to grow large. This delightful Rose is a strong grower and free bloomer. We highly recommend it. See illustration, page 17.

Dame Edith Helen. Soft rose-pink; large; very fragrant.

Edith Nellie Perkins. An excellent and dependable Rose for Southern gardens. Deep pink, shaded salmon; long-pointed buds.

Editor McFarland. By long odds the best new pink Hybrid Tea Rose we have tested in years. Comparable to Radiance in growth and blooming. During the hottest summer weather it was our best pink variety. Pointed, deep pink buds, with a glow of amber and paler edges. Fine for cutting.

E. G. Hill. Fragrant, massive blooms of deep crimson. A fine grower and bloomer for so large a Rose. One of the best of newer kinds.

Elizabeth of York. Pointed buds and semi-double flowers of cerise-pink, shaded yellow. Fine bloomer.

Ethel James. Large, single, soft orange-pink flower.

Etoile de Hollande. The most generally successful of deep red Roses. Brilliant crimson; fairly double. Vigorous.

Francis Scott Key. Very double; light red.

Golden Dawn. A newer deep yellow Hybrid Tea of great promise for Southern gardens.

Irish Elegance. Single variety with bronze-pink buds, opening apricot and yellow.

Irish Fireflame. Another single variety. Orange-crimson, shaded pink and gold.

Kaiserin Auguste Viktoria. The most generally satisfactory of white Hybrid Teas.

Killarney. Deep pink. Long a Southern favorite.

Killarney Queen. Sport of Killarney with larger flower of deeper pink.

Luxembourg. Long the leading deep yellow. Beautiful bud; full flower.

Margaret McGredy. Scarlet. One of the best of newer red Roses.

Mrs. A. R. Waddell. Deep apricot. An old favorite.

Mrs. Charles Bell. The shell-pink Radiance. Large, well-shaped blooms on stiff stems. Free bloomer; even more vigorous than its parent. We vote it the best Rose ever introduced.

Mrs. Erskine Pembroke Thom. Large; bright canary-yellow. A favorite among deep yellow Roses.

Mrs. Oakley Fisher. A single, apricot-yellow Rose.

Mrs. W. C.-Miller. Deep pink, shaded salmon.

HYBRID TEA ROSES, continued

National Emblem. Crimson buds; medium, pointed. Free bloomer.

National Flower Guild. One of the most vigorous and free blooming of red Roses. Bright red. A worth-while Rose.

Ophelia. Salmon-flesh, shaded rose.

President Herbert Hoover. An unusual Rose. Flame-pink, scarlet, and yellow. Strong grower.

Radiance. By long odds the most popular of all Roses. Carmine-pink, on strong stems. Vigorous; free bloomer. See illustration.

Red-Letter Day. Almost single; large petals; intense scarlet. Strong and free bloomer.

Red Radiance. Easily the leading red Rose. Too well known to require description. See illus.

Rev. F. Page-Roberts. Coppery red, opening yellow.

Roslyn. One of the best of the newer deep yellow Roses for the South.

Sunny South. Pointed buds of golden pink; vigorous grower; free bloomer.

Syracuse. The most vigorous grower and consistent bloomer of all the newer red Roses. Crimson-scarlet flowers on long stems. It should have a place in Southern gardens.

Talisman. Brilliant red and gold buds, opening orange-yellow.

Una Wallace. Deep pink; fine, long-pointed bud and good flower on long stem.

Vesuvius. A fine single variety; deep crimson.

White Killarney. Sport of Killarney. A good white.

William Orr. Large, deep red, fragrant blooms on stiff stems. Give it a little extra care and get magnificent flowers.

TEA ROSES

Alexander Hill Gray. Solid yellow in bud, opening lighter.

Duchesse de Brabant. Light rose to shell-pink. An old favorite.

Freiherr von Marschall. Carmine-red. Vigorous.

Lady Hillingdon. Beautiful pointed buds of deep yellow.

Louis Philippe. (Bengal.) Deep crimson. Shiny foliage. Good fall and winter bloomer. Fine for hedges.

Maman Cochet. Light pink, shaded rose; long buds and heavy flower. Very fine.

Marie van Houtte. Canary-yellow, petals tipped pink. Free bloomer. Fine for the South.

Mme. Lambard. Bright rose, deepening in color in fall. Strong grower; profuse bloomer. A great favorite in the Lower South. Like most Teas, this is a Rose of long life, healthy and hardy.

Mme. Melanie Soupert. Salmon-yellow, shaded pink. An old Rose, but one of the very best. If it were new it would be pictured and praised everywhere.

Mrs. B. R. Cant. Deep rose to light red. A good variety.

Mrs. Dudley Cross. Most vigorous of all yellow Roses. Light yellow, long, Cochet-like bud and immense flower. Free bloomer over a long flowering season.

Papa Gontier. Rosy crimson; fine long-pointed bud.

Safrano. A fine old saffron-yellow Tea Rose.

White Maman Cochet. The best white Tea. We vote it the best of all white Roses for this section.

William R. Smith. Blush-pink; large, pointed bud and heavy flower on stiff stem. Always satisfactory; there never was a better Rose.

HYBRID PERPETUAL ROSES

Baroness Rothschild. Delicate shell-pink.

Duchess of Sutherland. Peach-pink; large.

Frau Karl Druschki. The one pure white Rose, better known as White American Beauty.

Georg Arends. Soft rose-pink. A lovely Rose.

Gloire de Chedane-Guinoisseau. Dark velvety red.

Gloire Lyonnaise. Large, creamy white flower. Thornless stems.

Heinrich Munch. Immense flowers of shell-pink.

Hugh Dickson. Crimson; full and double.

J. B. Clark. Intense crimson. In this section the favorite red Hybrid Perpetual.

King George V. Valuable English Hybrid Perpetual. Deep red.

Marshall P. Wilder. Deep crimson; large; fragrant.

Paul Neyron. Deep pink; immense. A favorite in its class.

Ulrich Brunner. Deep red; shaped like Paul Neyron.

What Every Rose-Grower Should Know

(Official Handbook of American Rose Society)

This is a very practical book. It tells about Roses and how to grow them in the simplest fashion and the fewest words. It is expressly designed to help the beginner and gardener who wants to know how to grow Roses successfully. Numerous drawings make each operation clear. Price, \$1.00 postpaid.

Rose, Dainty Bess

Climbing Roses

American Pillar. Beautiful single Roses borne in clusters; deep pink with white eye. Profuse spring bloomer.

Beauty of Glazenwood. Orange-yellow, with reddish tints. A good climbing Rose.

Chaplin's Pink Climber. Pink replica of Paul's Scarlet Climber.

Climbing Maman Cochet. A vigorous sport of the bush variety. Good bloomer.

Cl. Marie van Houtte. Sport from the bush variety and identical in color.

Cl. Mrs. Aaron Ward. Good yellow climber.

Cl. Mrs. Charles Bell. A climbing form of the popular shell-pink Radiance. Good bloomer.

Cl. Radiance. A fine climbing Rose, developed from the bush Radiance, universally the most popular Rose. Constant bloomer.

Cl. Red Radiance. Very satisfactory climbing Rose. Sport from the bush Red Radiance. Constant bloomer.

Cl. Talisman. A vigorous sport of the bush Talisman and identical in color.

Cloth of Gold. Sulphur-yellow, deeper center. Good bloomer.

Daydream. One of the finest of the new Australian climbers. Large, semi-double, rose-pink flowers. Fairly continuous bloomer. Vigorous.

Dr. Huey. Semi-double; very deep red. Profuse spring bloomer.

Dr. W. Van Fleet. One of the most beautiful of flesh-pink Roses. Profuse spring bloomer.

Duchesse d'Auerstaedt. One of the very best of the climbing Tea Roses. Yellow, shaded buff. Fine grower and good bloomer.

Heart of Gold. Single; deep scarlet, with showy stamens in center. Spring bloomer.

Jacotte. Rich orange-apricot, with coppery red tints. Very good.

Kathleen Harrop. A light-colored sport of the lovely Zephirine Drouhin, and handsome.

Kitty Kininmonth. Glowing deep pink. One of the best new Australian climbers. Large, semi-double flowers. Fairly continuous bloomer.

Marechal Niel. A great Southern favorite. Deep yellow.

Mary Wallace. Large; deep pink. Profuse spring bloomer. A delightful variety.

Mme. Gregoire Staechelin (Spanish Beauty). A delightful pearl-pink climbing Rose; fragrant. Free bloomer.

Paul's Scarlet Climber. The most popular climbing Rose in the Southeast. Brilliant scarlet flowers, borne in great profusion in early spring.

Pink Cherokee. Glowing pink, single flowers, borne in great profusion in earliest spring.

Red Cherokee. A red form of the above.

Reine Marie Henriette. For many years the leading red climbing Rose. A great favorite.

Reve d'Or. At Thomasville this is the most popular of yellow climbing Roses.

Scorcher. A red variety of the new Australian climbers.

Silver Moon. Large, pure white, single flowers in great profusion in spring.

Sunday Best. A very showy Rose. Large, deep pink, single flowers, borne in clusters.

White Banksia. Clusters of small, double, white flowers borne in earliest spring.

White Cherokee. The well-known, single, white-flowering Rose used so much in the Southeast. Very early bloomer.

William Allen Richardson. Medium-sized deep orange-yellow flowers.

Yellow Banksia. A unique and truly great Southern Rose, bearing great clusters of small, double, yellow flowers in very early spring.

Zephirine Drouhin. Vivid pink, well-filled flowers of good size; fragrant. Blooms freely in spring on almost thornless wood.

Dwarf Polyantha (Baby) Roses

- Chatillon Rose.** Small, double, rose flowers, borne profusely.
- Dolly Varden.** A bright pink Polyantha. Small, double flowers.
- Gloria Mundi.** Huge clusters of small, orange-scarlet flowers of a deeper tone than Golden Salmon.
- Golden Salmon.** A fine new Baby Rose with small, double, golden salmon flowers.
- Golden Salmon Superior.** Improved Golden Salmon. More lasting in sun.
- Katharina Zeimet.** Best double white Baby Rose.
- Miss Edith Cavell.** Small, double, deep red flowers. An excellent bloomer.
- Mlle. Cecile Brunner.** The well-known miniature or "Sweetheart" Rose with small, double, pink flowers.
- Peach Blossom.** One of the best of the Polyanthas. Large; peach-pink.
- Perle d'Or.** A yellow form of Sweetheart Rose.
- Sparkler.** A sparkling bright red, double-flowering Polyantha. One of the best of the newer kinds.

Gloria Mundi

Broad-Leaved Evergreens

The growing season of 1937 was one of the finest we have ever seen, and all plants, especially Broad-leaved Evergreens, show fine color of foliage. All of our plants have been pruned for compactness and are very select.

ABELIA grandiflora. Well-known and useful evergreen with dark green leaves and small white flowers.	Each	12	100
12 to 18 in.	\$0 35	3 50	25 00
18 to 24 in.	50	5 00	40 00
2 to 3 ft.	75	7 50	60 00

CLEYERA japonica. One of the most beautiful and satisfactory of all evergreens. Thick, waxy, dark green leaves. Creamy white, fragrant flowers. Red berries.	Each	12
2 to 3 ft., balled and burlapped	\$2 50	\$25 00
3 to 4 ft.	4 00	40 00

COTONEASTER Francheti. One of the best varieties for the Lower South. Compact, vigorous grower with deep orange berries. 18 to 24 in., \$1.00 each, \$10.00 for 12.

- ELÆAGNUS pungens Fruitlandi.** A choice evergreen with large, pointed leaves, silvery beneath.
- E. pungens Simoni.** Foliage elongated, silvery on under side. Compact grower.
- E. pungens variegata.** Leaves light green with golden margin, making a strikingly beautiful variegated plant.

PRICES OF ALL ELÆAGNUS		Each	12
18 to 24 in., balled and burlapped	\$2 00	\$20 00	
2 to 2½ ft., balled and burlapped	3 00	30 00	
2½ to 3 ft., balled and burlapped	4 00	40 00	

FEIJOA Sellowiana. A gray-foliaged South American shrub. Brilliant crimson and white flowers with golden anthers, produced freely in summer. 15 to 18 in., \$1.00 each, \$10.00 for 12.

Abelia grandiflora

GARDENIA florida. The well-known and popular Cape Jasmine.	Each	12
12 to 18 in., balled and burlapped	\$1 00	\$10 00
18 to 24 in., balled and burlapped	1 50	15 00
2 to 3 ft., balled and burlapped	2 50	25 00

ILEX. See opposite page.

JASMINUM. Rapid-growing evergreen with yellow flowers. We can supply **J. primulinum** (spring-flowering), **J. humile** (summer-flowering), and **J. nudiflorum** (winter-flowering). 2-yr. plants, 50 cts. each, \$5.00 for 12.

KALMIA latifolia (Mountain Laurel). A beautiful native shrub ultimately attaining the size of a small tree. 12 to 18 in., \$1.50 each.

BROAD-LEAVED EVERGREENS, continued

- ILEX cornuta.** Valuable, dwarf Chinese Holly. Typical dark green Holly foliage. Large, red berries. 18 to 24 in., \$2.00 each; 2 to 3 ft., \$3.50.
- I. crenata.** Dwarf, slow-growing Holly of extreme hardiness. 12 to 18 in., \$2.00 each.
- I. Dahoon.** A fine native Holly, making small tree. Narrow leaves. Bright red berries. 2 to 3 ft., \$2.50 each; 3 to 4 ft., \$4.00.
- I. opaca.** The well-known native Holly Tree. 3 to 4 ft., \$2.50 each; 4 to 6 ft., \$4.00; 6 to 8 ft., \$7.50.
- I. vomitoria.** One of the finest of all berry-bearing small trees is this native evergreen, commonly called "Yaupon." Small green leaves and a profusion of the brightest red berries.
- | | | |
|---|--------|---------|
| | Each | 12 |
| 18 to 24 in., balled and burlapped..... | \$1 50 | \$15 00 |
| 2 to 3 ft., balled and burlapped..... | 2 50 | 25 00 |
| 3 to 4 ft., balled and burlapped | 4 00 | |

All of our Hollies are berry-bearing plants, and all are dug with soil for shipping.

- LIGUSTRUM Iwata.** A comparatively new evergreen Privet of great merit. Glossy green foliage with lighter center. Densely compact grower.
- L. lucidum** (Wax-Leaf Privet). Dark, glossy foliage. Ours is a very select strain of this variety. The most useful of all Privets in landscape plantings.

PRICES OF LIGUSTRUMS IWATA AND LUCIDUM

	Each	12		Each	12
12 to 18 in., balled & burlapped.	\$0 75	\$7 50	2 to 3 ft., balled & burlapped . .	\$1 50	\$15 00
18 to 24 in., balled & burlapped.	1 00	10 00	3 to 4 ft., balled & burlapped . .	2 50	25 00

- L. excelsum superbum.** Beautiful evergreen, tall-growing Privet with white and green foliage.
- L. japonicum.** Tall Privet with solid green leaf.
- L. japonicum aureum** (Goldleaf Privet). Tall-growing sort that is fine to use with green-leaved plants for contrast.
- L. nobilis.** Large, glossy, dark green foliage. Upright in growth. Good where *L. lucidum* may be too low or spreading and *L. japonicum* too tall. Like other Ligustrums we list, it is always satisfactory.

PRICES OF ABOVE FOUR LIGUSTRUMS

	Each	12		Each	12
2 to 3 ft., balled and burlapped.	\$1 50	\$15 00	4 to 6 ft., balled and burlapped.	\$4 00	\$40 00
3 to 4 ft., balled and burlapped.	2 50	25 00			

- NANDINA domestica.** A most striking plant in winter when the normally green leaves turn a brilliant red. Our Nandinas are the superior large-leaf varieties and bear large clusters of red berries. Extremely valuable in landscape effects, growing in full sun or much shade.

STOCKY PLANTS

	Each	12		Each	12

2 to 3 ft., balled and burlapped.....	2 50	25 00			

- OSMANTHUS** (Tea Olive). The well-known Sweet Olive of Southern gardens. **O. fragrans** (white-flowering) and **O. fragrans aurea** (yellow-flowering).

PRICES OF OSMANTHUS

	Each	12		Each	12
8 to 12 in., from pots.....	\$0 50	\$5 00	18 to 24 in., from pots.....	\$2 00	\$20 00
12 to 15 in., from pots.....	75	7 50	2 to 3 ft., from boxes or field	3 50	
15 to 18 in., from pots.....	1 25	12 50	3 to 4 ft., from boxes or field	5 00	

- PHOTINIA glabra.** The young leaves are a brilliant scarlet, gradually turning to green. 18 to 24 in., \$1.50 each.
- P. serrulata.** Very desirable evergreen for foundation planting or shrubbery border. Dark green foliage, much of which turns varying shades of red in the fall. 18 to 24 in., \$1.50 each; 2 to 3 ft., \$2.50.
- PITTOSPORUM Tobira.** Valuable evergreen for the Lower South. Long green leaves. Small, creamy white, fragrant flowers. 12 to 18 in., \$1.50 each, \$15.00 for 12.

- VIBURNUM macrophyllum.** An upright-growing evergreen with large, glossy foliage.
- V. odoratissimum.** Another tall-growing, large-leaf Viburnum. White flowers in spring.
- V. Tinus.** The winter-flowering Viburnum. Medium-size, dark green leaves. Upright in growth.

PRICES OF ABOVE VIBURNUMS

	Each	12		Each	12
12 to 18 in., balled and burlapped.	\$1 00	\$10 00	2 to 3 ft., balled and burlapped.	\$2 50	\$25 00
18 to 24 in., balled and burlapped.	1 50	15 00			

- V. suspensum.** Large, dark green, slightly crinkled foliage. Low, spreading grower. Fine in foundation plantings. White flowers in earliest spring. 12 to 18 in., \$1.00 each, \$10.00 for 12.

Coniferous Evergreens

We grow a wide assortment of coniferous evergreens, most of which are carefully sheared for shape. These are fine plants, of good color

CHAMAECYPARIS

Retinospora

Showy conifers with plummy foliage, excellent for Southern plantings. All sizes.

Lawsoniana Veitchi glauca. A very attractive blue variety.

Obtusa ericoides. Dwarf, pyramidal. Bluish green foliage.

Pisifera aurea. Beautiful golden yellow foliage.

Pisifera plumosa. Conical tree with plummy branchlets; green foliage.

Pisifera sulphurea. Light yellow foliage.

JUNIPERUS

Pfitzeriana. A very valuable dwarf, spreading conifer for the South.

Stricta. Dwarf; pyramidal; bluish green.

Prices of Chamæcyparis, Low Thujas and Juniperus

4 to 6 ft., balled and burlapped..	5 00	

In limited supply we have larger coniferous evergreens and varieties other than listed.

THUJA • ARBORVITAE

Low-growing

Aurea nana. Dwarf. Golden.

Bonita. Green. Globe-shaped.

**Hemerocallis
flava**

MISCELLANEOUS PLANTS

AMARYLLIS vittata Hybrids (Giant Lily). Flowers very large, in a wonderful range of color—red, maroon, rose, splashed pink, striped and variegated. We cannot guarantee the color, but ours is a good strain and all flowers will be good. Flowering size, 50 cts. each, \$5.00 for 12.

BAMBUSA falcata. The best of the Bamboos for ornamental plantings. Fine-leaved, compact-growing, making growth from one center; does not sprout from roots along the ground. Medium clumps, 75 cts. each, \$7.50 for 12; larger clumps, \$1.50 to \$5.00 each.

COCOS australis (Hardy Cocoanut Palm). Graceful, bluish green foliage. \$1.00 to \$7.50 each.

HEMEROCALLIS (Day Lily). Brilliant spring-flowering Lilies. **H. flava**, single, yellow; and **H. fulva plena**, double, orange. 10 cts. each, \$1.00 for 12.

LIRIOPE graminifolia. A comparatively new border plant that is rapidly coming into favor wherever known. Grass-like leaves, green the year round, and beautiful spikes of purple flowers in the summer. The best border plant in cultivation in this section. When planted 6 inches apart, will soon make a perfect line. This plant was formerly called Ophiopogon. Our plants are the superior, large-leaved variety. 1-yr. plants, 50 cts. for 12, \$3.50 per 100; 2-yr. plants, \$1.00 for 12, \$7.50 per 100.

VIOLET, Gov. Herrick. Large; deep purple. 15 cts. each, \$1.50 for 12, \$10.00 per 100.

Deciduous Trees and Shrubs

	Each	12	100
1-yr. plants.....	\$0 35	\$3 50	\$25 00
2-yr. plants.....	50	5 00	40 00
3-yr. plants.....	75	7 50	60 00
4-yr. plants	1 50	15 00	

Except where noted

ALTHEA. Free-flowering shrub or small tree. We supply single and double varieties in Red, Pink, Purple, Variegated, and White. 2-yr. plants only.

AMYGDALUS (Flowering Almond). Dwarf shrub with small flowers in late winter. White or Pink. 2-yr. plants only.

CALYCANTHUS floridus. The Sweet Shrub of old-fashioned gardens. 2-yr. plants only.

CERCIS canadensis (Red-bud). With the first touch of spring this native tree is covered with reddish purple flowers.

CORNUS florida (Dogwood). The native White Dogwood is one of the best flowering trees.

C. florida rubra. A pink form of the above. \$1.50 to \$3.50 each.

CYDONIA japonica (Flowering Quince). Rose-red flowers in winter.

DEUTZIA. Showy spring-flowering shrubs. White or Pink.

EXOCHORDA grandiflora (Pearl Bush). Large white flowers in earliest spring.

FORSYTHIA (Golden Bell). Late winter- and spring-flowering shrubs with golden yellow flowers. We have upright and drooping kinds.

LAGERSTRÆMIA (Crape Myrtle). A vigorous shrub or small tree with beautifully fringed flowers in summer. We have Lavender, Pink, Purple, Watermelon-red, and White.

LONICERA fragrantissima (Upright Bush Honeysuckle). Masses of fragrant, creamy white flowers in midwinter.

MALUS coronaria. The well-known native Crab-Apple.

PRUNUS Mume. Excellent, small, deciduous tree, covered with deep pink flowers in January.

P. persica (Double-flowering Peach). Three varieties—Pink, Red, White. 3-yr. size only.

P. pissardi. Unusual shrub or small tree. Leaves red all spring and summer.

PUNICA (Flowering Pomegranate). Deciduous shrub with beautiful double orange-red flowers. 3-yr. size only.

SPIRÆA. Indispensable shrubs for mass or border plantings. We supply **S. Reevesiana** (upright, double, white), **S. Vanhouttei** (single, Bridal Wreath), **S. Thunbergi** (dwarf, white).

WEIGELA. Vigorous shrub producing a wealth of pink, bell-shaped flowers in early spring. **W. Hendersoni** (red); **W. rosea** (pink); **W. candida** (white).

Forsythia (Golden Bell)

Lagerstrœmia (Crape Myrtle)

PLANT EARLY! Don't wait until you see spring-flowering trees and shrubs in bloom to set them. Plant in fall and early winter, getting them established so that you get maximum of flowers in the spring.
